

The Big 5

• MORNING ROUTINE VIDEO •

We live in a society where every morning you have to get up, go somewhere you don't particularly want to go, after not wanting to get up or not being ready to wake up in the first place - KIDS INCLUDED!

As a means to simplify your and your child's life, We've created a "GET READY" morning routine video. This can be personalized (age-appropriate) to include:

- Your child's name
- Your own desired routine
- Required time for each task
- Their Pictures / Photos

All they need to do is hit the play button when they get up, and they can meet you at the door an hour later! No fuss, no hassle, no yelling, just **FUN!**
