

# Non-toxic, Edible Playdough

Playdough is a fun and versatile material that can be used for creative play and sensory exploration.

Our non-toxic edible playdough can be a fun and safe activity for children. We use a simple recipe for making edible playdough using common kitchen ingredients.

Remember to store your playdough in an airtight container when not in use to keep it from drying out. Playdough can provide hours of creative play for children, allowing them to explore their imagination and develop fine motor skills.

Colours: Blue, green, yellow, red, pink, purple and cream.

**Value: R25 / 100ml tub**
